

“REDUCE PLASTIC BAGS -
PROTECT THE ENVIRONMENT
WITH BACH HOA XANH”

Aiming to promote a green lifestyle and encourage customers to join hands in minimizing environmental impact, the **"Reduce Plastic Bags - Protect the Environment with Bach Hoa Xanh"** project was successfully piloted in Binh Duong and Tay Ninh in June. The program will be officially rolled out across all Bach Hoa Xanh stores from July 1st, 2024.

The project involves systems development and processes, training staff on consulting customer about bag reduction to support bag reduction efforts. The project is a call to action for stakeholders involved in purchasing activities to participate in reducing and changing their habits regarding the use of plastic products in daily life.
