

On December 23, 2024, The Gioi Di Dong and Dien May XANH officially launched the program “Tet of Sharing - Millions of Warm Meals”, which is expected to run until January 25, 2025, together with our esteemed collaborators, aiming to **distribute 2,000 tons of rice, equivalent to 100,000 gifts**, to underprivileged individuals across **54 provinces** nationwide.

The program aims to **spread the spirit of love** and bring a **joyful and prosperous Tet** to the people, while reaffirming company’s commitment to sharing and supporting the community.

MWG HONORED TO CERTIFICATES OF MERIT BY THE MINISTRY OF INDUSTRY AND TRADE

On January 7, 2025, MWG proudly received a **Certificate of Commendation from the Minister of Industry and Trade** in recognition of its exceptional efforts in supporting disaster recovery initiatives.

With a spirit of responsibility and solidarity, the company contributed VND 5 billion through the Vietnam Fatherland Front Committee of Cao Bang, Lao Cai, Yen Bai, Lang Son, Tuyen Quang, and Phu Tho. These contributions supported residents in overcoming challenges and restoring normalcy to their lives.

Agreement Sustainability-Linked Trade Financing

On December 9, 2024.

To participate in this sustainable credit loan, TGDĐ has set clear ESG targets aligned with Sustainability-Linked Loan Principles (“SLLP”), related to **reducing greenhouse gas emissions at stores under Scope 1 and 2**, as well as **implementing measures to mitigate plastic waste**.

This event is not only financially significant but also reflects the on going efforts of both parties to **realize their ESG (Environmental, Social, and Governance) sustainability commitments** while **generating a positive impact on customers, partners, investors, and the community**.

Did you know?

FROM JANUARY 1, 2025

FAILURE TO SORT WASTE WILL RESULTS IN FINES OF UP TO 1 MILLION VND

According to **Article 75**, Clause 1 of the 2020 Environmental Protection Law, effective **January 1, 2025**, household and individual solid waste must be sorted according to the following principles:

- Reusable and recyclable solid waste
- Organic waste (food waste)
- Other household solid waste

Households and individuals who fail to sort waste will be subject to **finest** ranging from **500,000 VND to 1 million VND**, as stipulated in Government Decree **45/2022/ND-CP**.

THE BENEFITS OF WASTE SORTING AT THE SOURCE

Increasing the amount of waste that is recovered, recycled, and reused.

Effectively managing different components of waste.

Saving landfill space, reducing soil, water, and air pollution.

Saving costs on waste collection, transportation, and disposal.
