## REPORT OF MANAGEMENT

Management of Mobile World Investment Corporation ("the Company") present this report and the interim consolidated financial statements of the Company and its subsidiaries ("the Group") for the three-month period ended 31 March 2025.

### MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the interim consolidated financial statements of each financial year which give a true and fair view of the interim consolidated financial position of the Group and of the interim consolidated results of its operations and its interim consolidated cash flows for the period. In preparing those interim consolidated financial statements, management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim consolidated financial statements; and
- ▶ prepare the interim consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the interim consolidated financial position of the Group and to ensure that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying interim consolidated financial statements.

### STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying interim consolidated financial statements give a true and fair view of the interim consolidated financial position of the Group as at 31 March 2025 and of the interim consolidated results of its operations and its interim consolidated cash flows for the period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the interim consolidated financial statements.

For and on behalf of management:

Vu Dang Linh  
General Director

## **2. BASIS OF PREPARATION**

### **2.1 Accounting standards and system**

The interim consolidated financial statements of the Group, expressed in Vietnam dong ("VND"), are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per the:

- ▶ Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying interim consolidated financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the consolidated financial position, the interim consolidated results of operations and the interim consolidated cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

### **2.2 Applied accounting documentation system**

The Group's applied accounting documentation system is the General Journal system.

### **2.3 Fiscal year**

The Group's fiscal year applicable for the preparation of its interim consolidated financial statements starts on 1 January and ends on 31 December.

### **2.4 Accounting currency**

The interim consolidated financial statements are prepared in VND which is also the Group's accounting currency.

### **2.5 Basis of consolidation**

The interim consolidated financial statements comprise the interim financial statements of the parent Company and its subsidiaries For the three-month period ended 31 March 2025.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealised gains or losses result from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the interim consolidated income statement and within equity in the Interim consolidated balance sheet, separately from parent shareholders' equity.

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded in retained earnings.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 *Change in accounting policies and disclosures*

The accounting policies adopted by the Group in preparation of the interim consolidated financial statements are consistent with those followed in the preparation of the Group's interim consolidated financial statements for the three-month period ended 31 December 2025, except for the change in the accounting policy in relation to the following.

##### 3.1.1 *Presentation of balances and transactions in relation to letters of credit/usance payable at sight letters of credit ("LC/LCUPAS")*

In accordance with Circular No. 21/2024/TT-NHNN issued by the State Bank of Vietnam on 28 June 2024 ("the Circular 21") regulating letters of credit and other business activities related to letters of credit with effectiveness from 1 July 2024, the LC/LCUPAS transaction is considered as a financing arrangement involving bank credit facilities.

Accordingly, the [Company/Group] reclassified LC/LCUPAS balances as at 1 July 2024 from "Short-term other payables" to "Short-term loans". Concurrently starting from this date, the LC/LCUPAS transactions have been accounted for and presented as bank loans.

The corresponding figures in relation to LC/LCUPAS transactions were not restated as the Circular 21 does not require retrospective change.

#### 3.2 *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, cash in banks and short-term, highly liquid investments with an original maturity of less than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

#### 3.3 *Inventories*

Inventories are stated at the lower of cost which comprises all costs of purchase and other direct costs incurred in bringing each product to its present location and condition, and net realisable value.

Net realisable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The perpetual method is used to record inventories, which are valued as follows:

Mobile phones and laptops	-	actual cost on a specific identification basis
Digital and electronic equipment	-	actual cost on a specific identification basis
Accessories	-	actual cost on a weighted average basis
Household appliances	-	actual cost on a weighted average basis
Dried food, fresh food, drinks and grocery merchandise	-	actual cost on a weighted average basis
Cosmetics	-	actual cost on a weighted average basis
Others	-	actual cost on a weighted average basis.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.3 Inventories (continued)**

*Provision for obsolete inventories*

An inventories provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of inventories owned by the Group, based on appropriate evidence of impairment available at the balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the Interim consolidated income statement. When inventories are expired, obsolescence, damage or become useless, the difference between the provision previously made and the historical cost of inventories are included in the interim consolidated income statement.

**3.4 Receivables**

Receivables are presented in the interim consolidated financial statements at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the interim consolidated balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expense in the interim consolidated income statement. When bad debts are determined as unrecoverable and accountant writes off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the interim consolidated income statement.

**3.5 Tangible fixed assets**

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the interim consolidated income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim consolidated income statement.

**3.6 Leased assets**

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

*Where the Group is the lessee*

Rentals under operating leases are charged to the interim consolidated income statement on a straight-line basis over the lease term.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 3.7 *Intangible fixed assets*

Intangible fixed assets are stated at cost less accumulated amortisation.

The cost of an intangible fixed asset comprises its purchase price and any directly attributable costs of preparing the intangible fixed asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the interim consolidated income statement as incurred.

When intangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim consolidated income statement.

##### *Land use rights*

Land use rights are recorded as intangible fixed assets when the Company has the land use rights certificates. The costs of land use rights comprise all directly attributable costs of bringing the land to the condition available for use and is not amortised as having indefinite useful life.

#### 3.8 *Depreciation and amortisation*

Depreciation of tangible fixed assets and amortisation of intangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Building and structures	5 years
Computer software	4 years
Brand name	10 years
Means of transportation	6 years
Office equipment	3 - 8 years

#### 3.9 *Borrowing costs*

Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds and are recorded as expense in the interim consolidated income statement during the period in which they are incurred.

#### 3.10 *Prepaid expenses*

Prepaid expenses are reported as short-term or long-term prepaid expenses on the Interim consolidated balance sheet and amortised over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

The following types of expenses are recorded as long-term prepaid expense and are amortised to the interim consolidated income statement:

- ▶ Prepaid rental;
- ▶ Stores's layouts; and
- ▶ Tools and supplies.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.11 Business combinations and goodwill**

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the interim consolidated income statement. After initial recognition, goodwill is measured at cost less any accumulated amortisation. Goodwill is amortised over 10-year period on a straight-line basis. The parent company conducts the periodical review for impairment of goodwill of investment in subsidiaries. If there are indicators of impairment loss incurred is higher than the periodically allocated amount of goodwill on the straight-line basis, the higher amount will be recorded in the interim consolidated income statement.

**3.12 Investments**

*Investment in an jointly controlled entity*

The Group's investment in jointly controlled entity is accounted for using the equity method of accounting. Under the equity method, the investment is carried in the Interim consolidated balance sheet at cost plus post joint venture changes in the Group's share of net assets of the jointly controlled entity.

The share of profit (loss) of the post-acquisition results of operation of the jointly controlled entity is presented on face of the interim consolidated income statement and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividend/profit sharing received or receivable from jointly controlled entities reduces the carrying amount of the investment.

The interim financial statements of the jointly controlled entities are prepared for the same reporting period and use the same accounting policies as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

*Held-to-maturity investment*

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognised as expense in the interim consolidated financial statements and deducted against the value of such investments.

*Provision for diminution in value of investment*

Provision of the investment is made when there are reliable evidences of the diminution in value of those investments at the balance sheet date.

Increases or decreases to the provision balance are recorded as finance expenses in the interim consolidated income statement.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.13 Payables and accruals**

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Group.

**3.14 Provisions**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

When the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the interim consolidated income statement net of any reimbursement.

**3.15 Foreign currency transactions**

Transactions in currencies other than the Group's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- ▶ Transaction resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- ▶ Transactions resulting in liabilities are recorded at the selling exchange rates of the commercial banks designated for payment; and
- ▶ Payments for assets or expenses without liabilities initially being recognised is recorded at the buying exchange rates of the commercial banks that process these payments.

At the end of the period, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the balance sheet dates which are determined as follows:

- ▶ Monetary assets are translated at buying exchange rate of the commercial bank where the Group conducts transactions regularly; and
- ▶ Monetary liabilities are translated at selling exchange rate of the commercial bank where the Group conducts transactions regularly.

All foreign exchange differences incurred are taken to the interim consolidated income statement.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### 3.15 *Foreign currency transactions* (continued)

##### *Conversion of the financial statements of a foreign operation*

Conversion of the interim financial statements of a subsidiary of the Group which maintains its accounting records in other currency rather than the Group's accounting currency of VND, for consolidation purpose, is as follows:

- ▶ Assets and liabilities are converted into VND by using the buying and selling exchange rates, respectively, as announced by the commercial banks where the Group frequently conducts its transactions at the balance sheet date;
- ▶ Revenues, other income and expenses are converted into VND by using the actual transactional exchange rates; or the average exchange rates if the average exchange rates do not exceed +/- 2% the transactional exchange rates.
- ▶ All foreign exchange differences resulting from conversion of interim financial statements of the subsidiary for the consolidation purpose are taken to the "foreign exchange differences reserve" on the Interim consolidated balance sheet and charged to the interim consolidated income statement upon the disposal of the investment.

#### 3.16 *Treasury shares*

Own equity instruments which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss upon purchase, sale, issue or cancellation of the Group's own equity instruments.

#### 3.17 *Appropriation of net profits*

Net profit after tax is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and Vietnam's regulatory requirements.

The Company maintains the following reserve funds which are appropriated from the Company's net profit as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting.

##### *Bonus and welfare fund*

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the Interim consolidated balance sheet.

#### 3.18 *Revenue recognition*

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

##### *Sale of goods*

Revenue is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually upon the delivery of the goods.

##### *Rendering of services*

Revenue is recognised upon the completion of the services provided and being confirmed by customers.

##### *Interest income*

Revenue is recognised as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.19 Taxation**

*Current income tax*

Current income tax assets and liabilities for the current and prior period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the consolidated balance sheet date.

Current income tax is charged or credited to the interim consolidated income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset current tax assets against current tax liabilities and when the Group intends to settle its current tax assets and liabilities on a net basis.

*Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the consolidated balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax is provided using the liability method on temporary differences at the consolidated balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each consolidated balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the consolidated balance sheet date.

Deferred tax is charged or credited to the interim consolidated income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Group to offset current tax assets against current tax liabilities and when they relate to income taxes levied on the same taxable entity by the same taxation authority or when the Group intends either settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future year in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (continued)  
as at 31 March 2025 and for the three-month period then ended

**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**3.20 Earnings per share**

Basic earnings per share amount is computed by dividing net profit for the period attributable to ordinary shareholders of the Company, after appropriation for bonus and welfare fund, by the weighted average number of ordinary shares outstanding during the period, where applicable.

Diluted earnings per share amounts are calculated by dividing the net profit after tax attributable to ordinary equity holders of the Company (after adjusting for interest on the convertible preference shares) by the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

**3.21 Related parties**

Parties are considered to be related parties of the Group if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Group and other party are under common control or under common significant influence. Related parties can be enterprise or individual, including close members of the family of any such individual.

## 28. CORPORATE INCOME TAX

The statutory corporate income tax ("CIT") rate applicable to the Company and its subsidiaries are as follows:

- ▶ The statutory CIT rate applicable to the Company and its subsidiaries is 20% of taxable income; except
- ▶ The statutory CIT rate applicable to The Gioi Di Dong Information Technology Limited Company ("CNTT TGDD"), the Company's subsidiary is 10% of taxable income in 15 years from the date of CNTT TGDD commencement of new investment project in the High-Tech zone and entitled applicable normal CIT rate for the following years. CNTT TGDD is entitled to an exemption from CIT for 4 years commencing from the period in which a taxable profit is earned (2019), and a 50% reduction of the applicable CIT rate for the following 9 years (from 2023 to 2031). For other activities of CNTT TGDD, the applicable CIT rate is 20% of taxable income.

The Group's tax returns are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the interim consolidated financial statements could be changed at a later date upon final determination by the tax authorities.

### 33. SEGMENT INFORMATION

#### *Business segment*

The primary segment reporting format is determined to be business segments as the Group's risks and rates of return are affected predominantly by differences in the products and services produced. Secondary information is reported geographically. The operating businesses are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets as detail:

- ▶ Mobile phone, laptop and electronic equipment;
- ▶ Foods and FMCGs;
- ▶ Others

The following tables present revenue and profit and certain assets and liability information regarding the Group's business segment:
