MWG HQ aims to Say No to Single Use Plastics

MWG has been implementing not using plastic bottles in refrigerators and meeting rooms. At the same time, encourage employees to use eco-friendly products.

This initiative alone has helped to reduce:

9,923

plastic bottle waste every month
(equivalent to 119,076 bottles a year)

STATS OF THE MONTH

4

Vietnam ranks 4th in Asia in the amount of plastic waste discharged into the environment.
(3.7 million tons/year).

Source: Ministry of Natural Resources and Environment.

34,952

The number of friendly bags sold at BHX. (Updated: January 2023)

No. 08/2022/ND-CP, Environmental Protection Law

Do you know

After December 31st, 2030, stop production and import of the following plastic products:

- Single-use plastic (except for products certified with Vietnamese eco-label)
- Non-biodegradable plastic packaging (including non-biodegradable plastic bags, styrofoam boxes for packaging and food containers);
- Products and goods containing micro plastics (except for cases of production for export and cases of production and import for packaging products and goods sold to the market).

At the same time, ensure that after 2025, do not circulate and use single-use plastic products, and non-biodegradable plastic packaging in commercial centers, supermarkets, hotels, and tourist resorts, except for products and goods with non-biodegradable plastic packaging.

ESG ACTIVITIES

Replaced plastic pallets with wooden pallets

Equipped with fuel-saving trucks

Green Friday at the Headquarters

"Tam An - Than Khang" journey in Binh Phuoc

Green Actions

TAKE ACTION

Earth Hour 2023

Let's turn off the lights in response to Earth Hour from 20:30 to 21:30 on Saturday, March 25th, 2023.

The Earth Hour campaign will actively contribute to raising people's and society's awareness about energy saving, environmental protection, and climate change response.

Green Friday in March

Green Friday will take place on March 10th.

MWG urges employees to join the response by reducing the use of plastic materials, wearing green clothing to green MWG and raising awareness about ESG.
